We take pride in marketing and brokering machinery in a professional way ...

Truss Machinery Connections takes pride in the fact that we market and broker used truss machinery in a very professional way. We have a pulse on the Truss Industry. Our sales are driven by our experience in the field and in the consulting we do for buyers to help them find the right machinery for their production goals. Web listings, advertising, flyers, and newsletters all play a role in the sale process but direct customer contact and relationships are key.

Worldwide exposure just makes good sense....

Getting exposure to thousands of Buyers as opposed to a handful of Buyers will bring a better price for your machinery not to mention the fact that your machinery will sell faster. Exposure to Buyers worldwide just makes good sense. We have customers and prospects from all over the globe.

We are looking for the following types of machinery:

Gantry Systems/Roller Presses:

Trackless Gantries (All Makes & Models)
Pacific Automation Gantry (Auto-10 & 8)
Robbins No-Rail Gantry Heads (2)
Mitek Roof Glider Gantry Head
